H. M. KRISHNASWAMI,
Returning Officer.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE, BANGALORE.

Circular No. C. 2998—29-30, dated 4th February 1930, from the Revenue Commissioner in Mysore to the Deputy Commissioners of Districts.

It is desirable actively to stimulate the Village Panchayets to make needful efforts in the direction of increasing production from their lands. Introducing improved ploughs is one of the recognised steps to be taken in this connection. Wherever these have been introduced, there has been a steady increase in demand for such improved ploughs by the agriculturists in those areas.

2. But these improved ploughs have yet to be introduced into a large number of villages in the State. As the people of those parts may be hesitating to invest on the new ploughs, it is desirable that the Village Panchayets of such places are advised to purchase a couple of ploughs and hire them out to the raiyats at the lowest possible rates, which may, if necessary, be recovered after the crops are harvested.

3. The Deputy Commissioners are therefore requested to issue necessary instructions to the Amildars to take needful early steps so that these ploughs may be available for the next ploughing season.

4. It should be easily possible for each taluk to introduce something like 100 ploughs every season in this manner.

5. The Agricultural Department should be consulted as regards the kind of plough suitable for each area and other particulars. Indents should be made sufficiently in advance to that Department for the number of ploughs required, so that the raiyats may not be inconvenienced by not having the ploughs supplied to them in time.

6. Progress made in this respect may be intimated to this office at the end of March.

P. G. D'SOUZA,
Revenue Commissioner.
